

YARD BUSTER LANDSCAPING
Terms and Conditions- Mowing
Based on 50 by 100 foot lot

SERVING
CALGARY
SPRINGBANK, BEARSPAW, DEWINTON
403-265-4769

We will make every effort to complete your service at your convenience. However, weather is an important variable that plays a huge factor. So, due to the nature of seasonal work we are unable to guarantee exact days or times.

We ask that your lawn is free and clear of all debris including but not limited to garden hoses, toys, and animal feces. A minimum \$75 per man hour penalty will be charged to move any debris. Gates should not be locked the day of your service. Please double check your gate to make sure it had been shut correctly before letting out your pets.

Weekly Mowing

-Charged at \$38.50 for a regular, non-corner, non-pie lot

Weekly lawn care begins the second week of May and goes through till the second week of October. Grass must not be in excess of 4.5 inches* or your initial cut will be charged at our one time rate of \$75 per man hour.

We will assign you a regular cutting day; however, May and June are traditionally heavy precipitation months. If we are unable to complete your service due to poor weather conditions we will move your service day to the next available day. If we are unable to complete your service because of successive rain days we will cut for you the following week. The cut will be charged as a double cut because after all rain is plant food which grows your grass. We will cut no less than 3 days between cuts.

***One Time Cuts**

-Charged at \$75 per man hour plus bag removal. A good rule of thumb is \$38.50 for every missed week.

To avoid shocking the plant it is advisable that not more than a third of the blade of grass be removed at a time. However, our mowers highest setting is only 4.5 inches, so we are unable to cut higher if need be. Your lawn will be mowed to 2.5 inches in length unless otherwise stated.

To off-set the shock your lawn will begin to experience we recommend to start a watering schedule immediately in the early mornings- **DO NOT WATER IN THE EVENINGS.** You may start a fertilizer schedule at any time to help nurse your lawn back to health.

Vacation Mowing

-Charged at \$60 for a regular, non-corner, non-pie lot

Grass must be maintained and cannot be higher than 4.5 inches*

Bi-Weekly Mowing

-Starts first week of August

Bi-weekly mowing is performed at the discretion of our team. If lawn is too green, growing too quick or receiving water during the week it is unlikely we will move your cutting schedule to bi-weekly.

Rate Change

The rates we estimate over the phone are our minimum charges based on a 50 by 100 foot lot- which is a pretty standard lot size for Calgary. The estimated price is subject to change if your property is larger than originally reported. Corner lots should expect to pay 20% more.

Guarantee

We guarantee the quality of your service. If you are not satisfied we will make it right within 48 hours of understanding your problem.

Payment

We require either a credit card or a cheque before we commence with service. Once we have completed service your credit card charged and cheque cashed. NSF cheques and credit cards carry a \$45 penalty and 5% interest per month. We are a Landscape company not a financing company.
